## Unity

I dreamed I stood in a studio
And watched two sculptors there
The clay they used was a young child's mind
And they fashioned it with care

One was a teacher; the tools he used
Were books and music and art
One, a parent with a guiding hand
And a gentle loving heart

Day after day the teacher toiled With touch that was loving and sure While the parent laboured by his side And polished and smoothed it o'er

And when at last their task was done
They were proud of what they had wrought
For the things they had moulded into the child
Could neither be sold or bought

And each agreed he would have failed
If he had worked alone
For behind the parent stood the school
And behind the teacher, a home

#### **OUR HISTORY**

In November 1907, a small school of eight pupils and one teacher was opened in Bickley Valley. It took the name of the district for those times and was known as the Heidelberg School. After a few years operation at the bottom of the valley, the college was transferred to the Bickley Seventh-day Adventist Church site in Heidelberg Road.

The College operated for approximately three decades adjacent to the church until 1935 when it was transferred to its present site in First

Avenue. For many of those early years the college ran as a secondary college as well as a primary institution with studies extending to year ten. It is now reported to be the oldest continually operating primary school run by the Seventh-day Adventist Church in Australia.

The beautiful rural setting makes it an ideal location for a primary campus. All current buildings have been erected in the last thirty-nine years, with the most—recent addition being a new Pre Primary facility in September 2012. In October 2000, the college changed its name to Carmel Adventist College Primary to reflect its partnership with the secondary campus just down the road.

Carmel Adventist College Primary is part of a worldwide Christian Education system which operates 5,846 colleges, with a total enrolment of over one million students worldwide. Across Australia there are over 60 Adventist colleges educating more than 12,000 students, providing a network of resources to give your child an education of the highest quality, in an ideal learning environment.

Carmel Primary is small by design and philosophy. Class sizes are approximately 20-25 students. The College has a warm and friendly family atmosphere.

Carmel Adventist College Primary is a place where students, teachers and parents can develop values, character and personality based upon love for God, unselfish concern for others and personal self-respect. The educational activities are designed to provide opportunities for all students to achieve their maximum development intellectually, spiritually, socially and physically.

#### **OUR MISSION IS ...**

To provide a caring Christian environment in which children can work, learn and play, whilst endeavouring to achieve their full spiritual, social, mental and physical development.

#### **EDUCATIONAL PHILOSOPHY**

Seventh-day Adventists believe that a loving God originally created us in His image. Christian education aims to facilitate the process of repairing our broken relationship with God. We have confidence that Jesus can restore all of us to wholeness through the gift of His life. As we put our faith in Him, the Holy Spirit comforts us with His peace and guides us to truth.

We believe that the Bible is our guide to understanding God. It presents true and eternal values on which our lives can be based. Christian Education seeks to teach children to make intelligent and informed choices founded on these principles. They are thus helped to develop characters that are based on a love for God, unselfish concern for others and self-respect. We believe that each child can have a fulfilling life now and the hope of eternal life. The teachers at Carmel Adventist College Primary work with each child to enhance his/her physical, mental, spiritual and social development.

#### THE SPECIAL CHARACTER OF ADVENTIST EDUCATION

Adventist Education is Bible-based, Christ-centred, service-oriented and Kingdom directed. It aims for a balanced development in the lives of students, encouraging them to choose a personal relationship with Jesus, serving Him in this world until He comes again. These features, infused through the college's policies, procedures and practices provide the Special Character of Adventist Education, based on the fundamental beliefs of the Seventh-day Adventist church.

#### **FOUNDATION AND ADMINISTRATION**

#### **POSITIVE PEER RELATIONS: Behaviour Management**

Carmel Adventist College is committed to providing a safe, respectful and disciplined learning environment for students and staff. One where students have opportunities to engage in quality learning experiences and acquire the values of respect, responsibility and honesty to prepare students to be active citizens for the 21st century, who value their culture, community and are lifelong learners.

All members of the school community are expected to respect the following rights:

- The rights of all people to be treated with respect.
- The rights of all students to learn.
- The rights of all teachers to teach.
- The rights of all to be safe.

Core Principles of Best Practice Student behaviour needs to be seen in the light of the complex nature of relationships that influence the daily lives of schools, teachers, students and parents, including individual and special needs.

#### Student behaviour programs and practices must:

- Embrace a health promoting approach to creating a safe, supportive and caring environment
- Embrace inclusiveness and cater for the different potentials, needs and resources of all student
- Place the student at the centre of the education process. Student behaviour is closely linked to the quality of the learning experience including quality teaching and positive student relationships. Successful student behaviour change and management is enhanced through effective school, family, community and interagency partnerships.
- Responses to inappropriate behaviour must consider the particular situation and context, the individual circumstances, special needs and actions of the student and the needs and rights of school community members.

#### **Guiding Principles:**

- Carmel Adventist College Primary forbids the use of child abuse, corporal and degrading punishment.
- Student wellbeing and the prevention of inappropriate behaviour will be enhanced through a focus on early intervention and prevention.
- The use of appropriate curriculum and learning programs will encourage engagement by students
- Student behaviour is best managed in ways that promote restorative practices and are educative in nature
- All decisions relating to the management of student behaviour and the implementation of the policy are made according to the principles of procedural fairness.
- Teacher's behaviour management processes will acknowledge the duty to take reasonable care for the safety of staff and students.
- Student behaviour must not be viewed in isolation but as part of an interaction between the student, staff and the school community.
- School staff will demonstrate accountability for evidence-based decision making, reporting and referral to appropriate support, and record keeping

#### Operational Issues: How this will work in practice

- Our school focus is on managing learning behaviours. Therefore, our focus and language is based on our school values: respect, responsibility and honesty. We will teach the behaviours needed to support learners to experience success.
- We are all responsible for the behaviour on site. Therefore, we need to be aware of our own behaviour and how it impacts on others. We will all take responsibility and work together to support positive behaviour.
- We will promote success. Therefore, we will recognise students and adults for demonstrating school values and being successful. We will positively reinforce students' behaviour and success.
- We will intervene to support learning. Therefore we will use effective classroom teaching and learning strategies.
- We will intervene early to prevent issues escalating. We will use calm and effective conflict resolution processes including restorative justice processes.
- We will encourage families to support learning and positive behaviour. Therefore we
  will keep families informed using culturally appropriate processes such as family
  meetings, restorative practices.

#### **Code of Behaviour**

The purpose of the code of behaviour is to affirm the rights of all the school community to feel safe at school. The code of behaviour is based on the school values:

#### Respect – all students and staff are treated with respect and dignity.

#### This means we will:

- Respect the rights of other to learn
- Respect and care for school property
- Cooperate with staff and others in authority
- Communicate with others using respectful language
- Listen to the opinion of others and appreciate our different ways of knowing and doing

## Responsibility – all staff and students have responsibility to create a positive learning community.

#### This means we will:

- Come to school ready to learn, on time and prepared
- Participate actively in the schools learning program
- Be responsible for our actions
- Be dressed appropriately for activities
- Follow reasonable instructions from adults

- Keep our school free from bullying and harassment
- Takes pride in our work

## Honesty – all staff and students have a responsibility to tell the truth, admit our mistakes and show we are trustworthy.

#### This means we will:

- Tell the truth
- Leave other peoples belongings alone
- Voice our opinions in a kind and respectful way
- Show and share our feelings
- Talk to an adult if we are worried about what others are doing
- Take responsibility for what we do
- Do our own work

#### The Classroom Learning Environment

- We believe that classroom management is based on the school values with class and yard behaviours being consistent with each other.
- Class agreements are negotiated at the beginning of the school year using the school values and what this means. These are revisited at regular intervals throughout the school year.
- Classes negotiate logical consequences for both positive behaviours that support the school values.
- Classes negotiate logical consequences when negative behaviours are displayed

#### **Anti Bullying**

Carmel Primary seeks to be a place of acceptance, affirmation and justice. We believe that bullying strikes at the very basis of these values and prevents students from reaching for excellence in every dimension of their lives. Students are entitled to receive their education free from humiliation, harassment, oppression and abuse.

The School requires all members of its community to live and work by a moral code informed by its Christian foundations and thus develop attitudes, behaviour and conduct based on mutual respect and concern for each of God's people. The School also recognises and acknowledges it statutory obligations in these matters.

Bullying affects everyone, not just the bullies and the victims. It also affects those other people who may witness violence, intimidation and the distress of the victim. The latter may especially affect family relationships. Bullying can also damage the atmosphere of a class and even the climate of a school.

In accordance with these beliefs, Carmel Adventist College staff will not tolerate bullying of any child by another child or a group of students. We insist that natural justice and due process be extended to both the victim and the bully.

#### Prevention

Teachers, parents and students themselves can all take actions that assist in preventing or 'heading off' potential incidents of bullying.

At Carmel Adventist College Primary, staff encourage students to act with integrity and regard for others. Acting with integrity is about exercising personal judgment in accordance with moral principles to choose ethical over expedient actions. Having regard for others involves taking into account the feelings, motivations, cultures, backgrounds, languages, circumstances, desires, beliefs and opinions of other individuals and groups.

At Carmel Adventist College Primary we emphasise the positive and encourage right relationships among students through participation in the following activities:

- Health Curriculum including Protective Behaviours
- Rule Reminders/Role playing situations
- Increased staff awareness of potential 'trouble spots'
- Extra supervision if required
- Police 'Constable Care' Programs
- Contact with parents/carers
- Grade/class meetings
- Observing early warning signs of distress
- Behaviour modification plans eg Communication books
- Access to the School Chaplain or referral to the School Psychologist
- Empowering all students (often the bystanders) to prevent bullying behaviours occurring
- Whole school focus
- Encounter (Bible) lessons
- Values Education
- Individual counselling/support
- Social skills teaching

## Staff implement the following strategies to assist in preventing incidents of bullying: Provide thorough supervision to ensure safety for all

- Create a caring, co operative ethos which promotes respect for the individual
- Establish understandings regarding rules, rights and responsibilities
- Establish clear and effective classroom routines
- Engage in frank, open discussion
- Recognise that the silent majority of students can become a positive force in countering bullying
- Establish a 'time-out' area on the playground if required

- Address bullying issues through social education in the classroom via role play, games, drama, discussions, drawing and writing
- Use 'protective interrupting' so that students do not make themselves vulnerable to attack by others
- Initiate *cooperative* versus *competitive* classroom practices
- Cater for various preferences and styles of learning
- Give 'bad press' to bullying behaviour, eg 'bullying is uncool'
- Reinforce the two themes:
  - O 'We all have the right to be safe all of the time'
  - O 'It's important to tell someone if you are being bullied'

#### **Behaviour Management**

Minor matters of discipline are dealt with by the classroom teacher or the playground duty teacher. More serious offences may be referred to the Principal. The most serious matters of discipline are referred to the College Council. In extreme cases, students may be suspended for up to two weeks or dismissed from the College. The welfare of the entire College may be threatened by the misbehaviour of one student. The College Council is prepared to exclude a student on a permanent basis is he/she is not willing to abide by the aims and objectives of the College.

We believe that when our students wear the uniform correctly they not only represent their College positively in the community, but they will also develop a personal sense of pride and self-respect that they can take with them into life beyond school.

Purchasing uniforms that fit well and keeping those uniforms clean, neat and well pressed, with shoes polished, will assist in developing personal and school pride and prepare students for expectations they will face when they join the workforce.

#### **Uniform Shop**

All formal uniform items are available at the Uniform Shop located at the High School Campus, open between 8.30am - 9.30am Monday & Thursday and 3.30pm - 4.00pm Tuesday (subject to change).

Uniforms are to be worn at the following times:

- When travelling to and from the College
- At the College
- At formal College functions

Students should be in correct uniform (including footwear) at all times. If, on rare occasions, it is so cold that one jumper is insufficient, a non-uniform skivvy/t-shirt may be worn under the uniform providing that it is **not** visible.

Swimwear must be modest.

Parents are requested to see that their children are correctly dressed at all times. If for any reason it is impossible for a student to be in full school uniform, a written note from their parents must be addressed to the <u>class teacher</u> who is able to approve a Uniform Pass. Students are able to bring a signed note from parents three times a term for minor items. (This excuses the student for the period of one day). Or, one note a term for major items (this allows for up to five days to have the item corrected). #### **COMPLAINTS POLICY AND GUIDELINES**

We recognise that grievances can and do arise. However, as a Christian College we also recognise the Biblical principle for resolving such issues to facilitate resolution without undermining or damaging relationships. While we would hope that such issues to not arise, it is important that when they do, there is an understood procedure to guide staff, students and parents in addressing such issues.

The Biblical approach to grievance and dispute resolution obligates an individual to solve issues as close to the source of the problem as possible and only involve those relevant to the situation. Only when resolution is not possible should others be involved and these should be those next in the line of command or influence.

It is therefore expected that members of the school community follow the recommended procedures to address concerns and resolve issues.

For a full copy of our Complaints Policy and Guidelines, please see the main office or refer to the College Website.

#### **PROCEDURES**

#### **Reports & Interviews**

Parent/teacher interviews are held at the end of Term 1 to give parents a current report on the strengths and weaknesses of the child and how parents may help. A written Interim Report is given towards the end of Term 1. A Full Report is sent home at the end of Terms 2 & 4. Parents are welcome to chat with a class teacher any time throughout the year in regards to their child's progress. Please call the office to arrange a time.

#### **Parent Information Night**

Early in each school year an information night is held for all parents and students to discuss class procedures, subjects, homework and assignment procedures and co-operative responsibility for learning. We would like these meetings to be a priority for all students and their parents. Class guidelines will be distributed and explained at these meetings.

#### **Telephones**

The College telephones are not provided for student use. Students will not be permitted to receive or make calls except in exceptional circumstances. In the case of an emergency, a message from a parent or guardian will be passed on to the child. Mobile phones are not permitted during school time. Please note that any student using a mobile phone during school hours without the permission of the class teacher or Principal, risks having the phone confiscated. If it is necessary to have a mobile phone at school, students are strongly advised to ask their classroom teacher to place their mobile phone in a safe place during school hours. We cannot guarantee the safety or security of phones that are kept in school bags or desks.

#### **Newsletters**

To keep you in touch with happenings at the College the Newsletter is sent out fortnightly via email. Any parent working as a volunteer in a class or on the school property also needs to 'Sign in' and wear a visitor's pass. This is vital for Health and Safety purposes. Please ensure you have read and signed the Volunteers Information Booklet if you will be volunteering regularly or attending school camps and offsite excursions.

#### **MEDICAL**

#### **Sickness or Accident**

The College policy is to contact parents in the event of a serious accident. If they cannot be contacted the Principal will act 'in loco parentis' and an ambulance will be called at the expense of the parents. Parents will be notified as soon as possible. All medical expenses are the responsibility of the parent. If students become too sick to remain in class or travel home by bus, parents will be contacted and requested to collect their child. Parents are requested not to send sick children to school, as there are limited ways in which they can be cared for and also to limit the potential for infection of others.

The school is now required to report the immunisation status of enrolled students to the Chief Health Officer or Child Health Nurse, when directed to do so.

The acceptable documentation for this purpose is your child's Immunisation History Statement from the Australian Immunisation Register (AIR). The statement should be current and dated within **two months** of your child commencing with us. Your child's AIR Immunisation History Statement can be accessed at any time through the MyGov website, Medicare Express Plus App, visiting Medicare or Centrelink or by calling the Australian Immunisation Register General Enquiries Line on 1800 653 809.
