## COVID-19

A COVID-19 case/outbreak may disrupt student routines. In these times, it is important to keep a positive sense of wellbeing in all aspects of life: this includes physical, mental, social and emotional.

As a school, we are committed to ensure all students are safe, supported and able to continue their learning, whether at school or home.

If you have any concerns about your child during this time, please do not hesitate to contact the front office or our school chaplains.

## Absent

At Carmel we take your child's duty of care seriously and, as such, we need to be informed whenever a student is absent from school and the reason for absence (eg sick, family reasons, doctor, dental or specialist appointment). This information is noted on our attendance records.

## Message from Pr Andrew...

Do you sense an atmosphere of impending doom closing in on us? That's a strange question for an 'eternal optimist' (that's me) to be asking. However, everywhere you turn at the moment there are disasters going on.

The War in Ukraine and the floods in NSW & Qld are taking the top headlines for today. Then there's the wave of Covid that's already begun in WA, along with the predictions of how bad it's going to get and how long it's going to be here for.

The truth is that nobody actually knows what tomorrow is going to bring in our lives. At least no human. God knows. God has us in the palm of His hand. Here at Carmel (both Primary & Secondary) we are wanting to encourage each other and to show the students how this is done. In a world that's full of potential doom, we want to focus our eyes on the potential for good. The more we focus on others, the less time we spend worrying about ourselves.

Ephesians 4:29 reminds us that, "When you talk, do not say harmful things, but say what people need, words that will help others become stronger. Then what you say will do good to those who listen to you." Whatever is going on for you right now, never give up. Just keep encouraging and if necessary, use words!

# Very High Caseload

As you may be aware, the State Government has announced that Western Australia will move to very high caseload settings from 12.01am Thursday 10 March.

We continue to follow the latest WA Health advice.

Under very high caseload setting, students who are asymptomatic close contacts (other than those who are household close contacts) may now:

- continue attending school;
- attend before school care or after school care;
- attend school-based sporting or cultural training, practice, or events organised through the school and held immediately before or after school at their school; and
- travel between the student's usual place of residence and their school.

At all other times, asymptomatic close contacts should quarantine for seven days and get tested. As with other close contacts, children who are identified as close contacts should be tested on Day 1 and Day 6 (if a PCR test) or 7 (if a RAT).

These arrangements will not apply to children who are 'household close contacts' or who are experiencing any COVID-19 symptoms.

Students are considered close contacts if they are:

- A household member or intimate partner of a person with COVID-19 who has had contact with them during their infectious period; or
- Someone who has had close personal interaction with a person with COVID-19 during their infectious period, including:
  - At least 15 minutes face to face contact where a mask was not worn by the exposed person and the person with COVID-19; or
  - Greater than two hours within a small room or a classroom environment with a person with COVID-19 during their infectious period, where masks have been removed for this period by the exposed person and the person with COVID-19 (note: others wearing masks in this scenario would not be a contact); or
  - Someone who is directed by WA Health that they are a close contact.

An asymptomatic person means they have no COVID-19 symptoms.

If a member of your household is COVID-19 positive, then the whole household are deemed household close contacts and the testing and isolation protocols apply. If your child is unwell, they should stay at home and get tested.

As always, our priority is to continue face-to-face learning. If your child is required to isolate, we will provide them with learning to do at home. If your child's teacher is required to isolate, your child may have a different teacher for periods of time. In some cases, we may need to rearrange extra-curricular school activities to ensure our teachers are in classrooms teaching.

For more information on very high caseload protocols, visit [wa.gov.au](http://wa.gov.au).

Thank you for your understanding as we take the necessary steps to keep our school safe and open for learning.

If you have any queries, please do not hesitate to contact our Primary & Secondary Campuses.

## Changes to upcoming swimming lessons

Changes have been made to swimming lessons that are due to start on 14th March 2022.

With the increase in COVID-19 across the state, availability of swimming instructors has been impacted as the number of instructors required to isolate continues to grow.

To manage this in a way that maintains proper levels of supervision, and ensure all our students can attend lessons, the program has been modified from its original format.

Instead of attending two weeks of swimming lessons, all students will now attend lessons for one week, divided over a two week period.

**PP, Yr 2, 3 & 5 will attend lessons from Monday, 14th March to Friday, 18th March 2022.**

**Yr 1, 4 & 6 will attend lessons from Monday, 21st March to Friday, 25th March 2022.**

**Lesson times will be emailed on Friday, 11 March.**

We recognise that this is short notice and thank you for your patience and understanding.

## Swimming lesson info

ALL PP-Yr 6 students are to wear their sport uniform to school each day during their allocated week of swimming lessons. They need to bring their swimwear, towel, goggles and thongs in a waterproof bag to school in the morning. **PLEASE ENSURE THAT ALL ITEMS OF CLOTHING ARE CLEARLY LABELLED.**

Swimming lessons are held at the Belmont Oasis Leisure Centre, Progress Way, Belmont. Only one parent/guardian can enter the centre to observe. There is an entry fee charge.

If for any reason you need to collect your child from Belmont Oasis, please speak directly to your child's teacher **BEFORE-HAND** and confirm in writing. The lesson start time is earlier this year, therefore we are encouraging all students to return to school on the bus.

## Swimming Certificates

Swimming certificates will be sent home with your child/ren the week after swimming concludes. A copy will also be kept for our records.

*Year 6 class wearing their new leavers shirts!*

## NAPLAN

We encourage all students to take part in the NAPLAN testing. If you would like to seek an exemption/withdrawal for your child from this year's testing, please urgently speak to Mrs Janine Taylor or your child's classroom teacher.

An information brochure will be sent home with Year 3 & 5 students this week.

## Scholastic book orders

The latest Scholastic Book Club catalogue has been given to your child/ren.

Order online or give your order form and money to the front office. Orders are due back by Tuesday, March 22.

For every Book Club order placed, Scholastic gives 20% of the order value back to our school to spend on valuable educational resources, and more books via our Scholastic Rewards program.

## Collection Notice for parents/guardians

### 2022 Student Residential Address and Other Information

The Australian Government Department of Education, Skills and Employment (the department) would like to notify you that a request has been made for your child's school to provide residential address and other information as required under the *Australian Education Regulation 2013*.

The school is required to provide the department with the following information about each student at the school:

- Names and residential addresses of student's parent(s) and/or guardian(s)
- Student residential address (**excluding student names**)
- Whether the student is a primary or secondary student (education level)
- Whether the student is boarding or a day student (boarding status).

The school collects the above information by generating a **unique and unidentifiable** – student reference number (SRN) for each student record. The SRN is also **only** used by the school for this collection. **It is not allowed to be used for any other purpose.** The number only indicates to the department that each record provided is for one student.

#### Purpose of the collection

The Student Residential Address and Other Information Collection (the Collection) informs Australian Government school education policy and helps ensure funding for non-government schools is based on need basis.

The information collected will be used to inform school funding calculations. It is combined with data held by the Australian Bureau of Statistics (ABS) to calculate a non-government school community's anticipated capacity to contribute to the costs of schooling.

From 2020, a new measure of capacity to contribute, the Direct Measure of Income (DMI), was introduced. The DMI is based on the median income of parents or guardians of students at a non-government school using data collected through the Collection. More information about the DMI can be found on the [Quality Schools Package](#) page on the departmental website.

#### Use and disclosure of personal information

**Your personal information is protected by law** under the *Privacy Act 1988* (Cth) (Privacy Act). Personal information is information or an opinion about an identifiable individual. Personal information includes an individual's name and contact details.

Any use or disclosure of your personal information must occur in accordance with Privacy Act and the *Australian Education Act 2013* and *Australian Education Regulation 2013*.

Your personal information provided to the department through the Collection may be:

- disclosed to the ABS for the purposes of capacity to contribute calculations and analysis as a part of the Multi-Agency Data Integration Project (MADIP). Further information about MADIP can be found on the [MADIP page](#) on the ABS website.
- disclosed to a contracted auditor where the department may from time to time, carry out an audit of a school's submission to the Collection. The contracted auditor compares the school's submission with the student enrolment information held by the school and will not use the information for any other purpose.
- disclosed to its service providers for the purposes of the provision of information and communications technology support services to the department.
- used or disclosed where it is otherwise required or authorised by law.

The department does not intend to disclose your personal information to any overseas recipients.

The department's privacy policy can be found at [www.dese.gov.au](http://www.dese.gov.au) and includes information on:

- how individuals can access and seek correction of the personal information held by the department;
- how complaints about potential breaches or breaches of the Privacy Act can be made;
- how the department will deal with these complaints.

The department commissioned an independent privacy impact assessment (PIA). The PIA assesses the flows of information under the Collection, compliance with the Privacy Act and measures in place to safeguard the personal information being collected. The current version is available at <https://www.dese.gov.au/school-funding/resources/2018-student-residential-address-collection-additional-required-information-privacy-impact>

## What do you need to do?

You are not required to do anything. Your school is responsible for providing the requested details to the department; however, you may wish to ensure that your school has the most up-to-date and correct details for your family.

## Contacts for further information

Your school can provide additional information about the Collection process.

Alternatively, please visit the [SchoolsHUB Address Collection help and support page](#).
